# MISSION

**Our mission** is to *operate the best specialty retail business in United Arab Emirates, regardless of the product we sell.* Because the product we sell is lights, our aspirations must be consistent with the promise and the ideals of the volumes which line our shelves. To say that our mission exists independent of the product we sell is to demean the importance and the distinction of being lights sellers. **As light sellers** *we are determined to be the very best in our business, regardless of the size or pedigree of our competitors.* We will continue to bring our industry nuances of style and approaches to light selling which are consistent with our evolving aspirations. **Above all,** *we expect to be a credit to the communities we serve, a valuable resource to our customers, and a place where our dedicated light sellers can grow and prosper.* Toward this end *we will not only listen to our customers but embrace the idea that the Company is at their service.*
